## SKILLS

- Programming : Java
- Web Development : HTML, CSS, JavaScript
- Databases : MySQL
- Soft Skills : Teamwork, Communication, Leadership

## LANGUAGES

- Tamil: Native
- English: Fluent

## AREA OF INTEREST

- Web Development
- AR/VR Development

## PROFESSIONAL SUMMARY

I am a full-stack developer with practical experience in both front-end (React) and back-end technologies, and I am currently pursuing my degree in computer science. I possess strong skills in Unity for developing AR and VR apps. I am passionate about contributing to innovative projects, collaborating with teams, and continuously learning new technologies.

## WORK EXPERIENCE

### Software Developer Intern

Hudsmer Business Solutions

02/2025-06/2025 | chennai

- Developed web applications with React.js.
- During the internship, I learned SQL.
- Enhanced my time management and teamwork abilities.

### Industry-oriented course on sql(Trainee intern)

Vibhathi labs

07/2024-09/2024 | chennai

- Completed an Oracle SQL industry-focused internship hosted by Vibhathi Labs and the NEC Alumni Association.
- Gained practical experience creating and refining SQL queries.
- During the internship, I received a 71% in the SQL module.

## EDUCATION

Bachelor of Engineering - Computer Science and Engineering

2023-Present | National Engineering College, Kovilpatti

Diploma - Mechanical Engineering

2021-2023| Scad Polytechnic College, Tirunelveli

SSLC

2020-2021| Little Flower Model School, Tirunelveli

## PROJECTS

### Chat Application

- Implemented JWT authentication for secure user access in React.js and Node.js chat application, resulting in zero reported security vulnerabilities during a third-party security audit.

### Virtual Campus Tour

- Developed an interactive virtual tour of the college campus using Unity, incorporating 3D models and panoramic views of 10 key locations.

### AR Furniture Viewer

- Using Unity and ARFoundation, an AR Furniture Viewer app was created that allows users to interact with 3D furniture models.

## CERTIFICATIONS & COURSES

- Demystifying the integration of Ai into AR/VR (Centre of Immersive Technologies).
- UI/UX (Techno Hacks).
- Web Development (Codsoft).
